Effects Of 'Pill'

A sharp drop in the number of first graders in the Canyon School System this year has been blamed on "the pill." A Canyon pharmacist said birth control pills went on the market a little more than six years ago.

Here are the first grade enrollment figures since the turn of the decade. In 1961 there were 178. There was an

take a stand. At least you don't have to wonder where Senator Yarborough stands on an issue. He is a liberal and doesn't claim to be anything else.

I'll grant you that some of his stands have been foolish from my standpoint but he's not a middle of the roader.

Jim Campbell and Nancy Fatheree, both from Pampa, were in the office Saturday on behalf of Bob Price's candidacy for US Representative.

The campaign is heating up. Dee Miller is rated the underdog in the race up to now.

Flowers to Chuck Allen for his work at Canyon City Club. The club now has a fine club house. Chuck was a prime mover in getting this facility for Canyon.

The new club house would be a credit to any community.

There's talk about a teen club in Canyon. It would be open to teenagers beginning at 13. Is there a need for such a club here?

I don't think it would be practical to keep a teen club open every night of the week. If it's going to work at all, I think it will have to be open only one night a week, at least in the beginning.

I know a teen club is good for a community. I once worked with a teen club, under the supervision of the late Mrs. A.A. Meredith at Borger. It was a successful undertaking.

The teen club at Borger was known as "Teen Town."

I'd like to see Canyon give it a try on Friday nights at the start and then if there is a demand for it to be open more, that could be considered.

I did some research on "the pill" this week. What I found astounded me. The birth rate is down all over the nation.

The pill went on sale in drug stores about six years ago and the country is beginning to feel the impact.

I was told that the birth rate is lower in the upper and middle classes. The pill is hardly used at all by the very poor.

Swine Sale At WT Farm

Top boar at the Bilt-Rite Farm sale at West Texas State University Monday brought \$1,000. About 20 of the animals were purchased at the annual sale. The farm is located near Happy.

Conducted in the Livestock Pavilion at the University Farm, some 200 buyers were present for the sale.

About 40 gilts were sold and about 25 barrows purchased from the farm owned by O.H. Rahlfs and Larry Tackitt. Top gilt at the sale brought \$500.

Mrs. Carroll Ned Love and son, Kevin, and Mrs. Leatha Fullerton visited in Pampa on Saturday with Mr. and Mrs. Edward Lahnick.

Sharing Agriculture Know-How

While in attendance, along with D.M. McKinney, C of C manager, at the Collin County dedication of the 1,000th flood control structure last week, our mind kept wandering back to a trip we took this past summer through old Mexico.

All through our journey through Mexico we kept missing something. We couldn't quite put our finger on it. But while at the dedication last week, it hit with sparkling suddenness.

We had, without fully realizing it, missed in Mexico the soil conservation practices that we take pretty much for granted in the United States.

In Mexico we saw no terracing, sodding, channeling, retention dams or ponds. Instead we saw acre after valuable acre being washed away as unruly streams and washes put gaping pathways through the land. After every rain the streams and rivers were rich red or solid black, according to the type of soil in the area, which was telltale proof that valuable top soil was being gradually carried away.

The sad part of this waste is that the major portion of the population of Mexico is without adequate diet. Many, of course, don't know this. The peons of Mexico know no other way of life so feel they are no worse off than the average person in other lands.

And why? Is Mexico like Japan or Holland where tillable soil is so very limited that it is precious as gold?

No, Mexico has enough fertile land lying idle that, if properly cared for and cultivated, could feed all their own people as well as half the people of the world. Proper soil conservation and cultivation of crops as practiced in the United States could bring these happy results.

The skinny, undernourished peons of that country continue year after year barely existing on a skimpy diet, yet all around is rich, virgin land going to waste. It is washing away down gullies and streams, or lying idle due to lack of know-how, equipment, fertilizer, insecticides and wise government action.

Many other countries in Central and South America have the same conditions concerning their soil and cultivation.

What a pity it is that our country can't contribute as generously in aiding others in soil saving and production, as it does in less practical programs.

People with full stomachs are much easier to deal with than those who are lean and hungry.

Sausage Festival Preparations Begun

Two-hundred gallons of sauerkraut packed down a week ago marked the beginning of preparations for the annual Umbarger Sausage Festival at St. Mary's Community Hall, Nov. 13.

For the 15th year the residents of this small German community in Northwest Randall County supply the joint effort and ingredients for one of the most successful community projects in the Panhandle.

Chairman of the Festival is the Rt. Rev. Monsignor W.F. Bosen and co-chairmen are Bernard Hartman and Leonard Battenhorst.

About 16 ladies of St. Mary's church met this past week to prepare the sauerkraut. Mrs. Vincent Friemel is chairman of this committee.

The Thursday prior to Nov. 13 Raymond Battenhorst and the members of the sausage committee will prepare enough of this speciality to feed almost 3,000 people. Last year the Sausage Festival drew a crowd of 2,700 and according to A.R. Friemel and Jack Brandt of the publicity committee, more are expected this year.

Besides lots of good food, a country store will offer home-made breads and other kitchen delicacies and a bazaar will feature handmade items such as aprons and crochet work. Chairmen for the Bazaar is Mrs. Vincent Meyer and Mrs. Max Hoffman is in charge of the Country Store.

Dinner will be served from 11 a.m. until 4 p.m. and included on the menu will be German sausage, sauerkraut, mashed potatoes, brown gravy, green beans, homemade bread, and milk or coffee with cherry cobbler for dessert.

Tickets are \$1.75 for adults, \$1 for children from 6-12 years and children under six will be served free of charge.

Head cooks for the festival are Mesdames Harold Irlbeck, Sigfried Bolte, Louie Raef and Anton Hollenstein.

The day's activities will close with a dance from 8:30 - 12.

Back-To-School For PTA Group

More than 200 parents attended a Back-To-School Night as the first meeting of the Gene Howe Elementary School Parent-Teacher Association Monday.

A special song was presented by four girls from the sixth grade music class.

Taken from a Broadway musical being studied by the group, "Never Say No" was sung by Marla Phillips, Cindy Williams, Andrea Smart, and Mary Ann Backus. Mrs. Margie Phillips accompanied them on the piano.

Each PTA officer was introduced by the organization's president Mrs. Stanley Baldridge and teachers were introduced by Luther Lawless, school principal.

Also introduced was Mr. and Mrs. Huelyn Laycock, and Mrs. A.B. Holt, elementary curriculum co-ordinator for the Canyon Schools. Laycock is superintendent of schools.

The visitors also viewed models of atoms prepared by sixth grade students.

LETTERS TO EDITOR

Dear Sirs:

Why aren't our children getting a better education?

It would appear on the surface, that since our school district is spending more money our children should be getting a better education. However, anyone investigating sees differently, and this leads one to question why.

Republicans Express Confidence

SAN ANTONIO (Special Report)—Dick Bittman, Randall County Republican chairman, talking informally after the 31st Senatorial District Caucus at the Republican State Convention, expressed confidence in the chances of GOP hopefuls seeking election in Randall County.

"We feel that we have a very strong candidate for each office. We are particularly confident about our congressional candidate. We think we will have very good response for state representative."

Bittman, who headed the 17 member Randall County delegation to the convention, continued, "From all the people I've talked to in the past two months, I'd say the two party system has arrived in Amarillo and the Panhandle. We feel that Bill Butler has done an excellent job as county commissioner," Bittman said.

Among candidates introduced at the convention were C.N. Cosby, Randall County judge hopeful and Audrey Bruse, candidate for Randall County treasurer.

Very truly yours,

Fletcher Sims, Jr.

Dear Troy:

I want to express my sincere appreciation as well as that of the Canyon Police Department for your recognition of the departments efforts to control traffic speeds within our city limits. A local physician said there has been no marked change in birth rate here but he attributed this to the fact that there are so many young married couples living here and attending the university.

By the time many of their children become old enough to go to school, the parent or parents have completed college and has moved away.

The same doctor said there has been a notable decrease in the percentage of births in Amarillo.

"I've been predicting that this would happen," declared the pharmacist contacted. "I think it is going to affect the whole population."

"It's going to have an effect on the economy, too," he went on. "This country is geared for population expansion."

man's birthday, Jan. 7, 1966. These escapades involved some drinking. Speeding on the campus was a major complaint of university authorities.

Aldridge was caught speeding on the campus Jan. 14. He was reported to have been driving 60 miles an hour in a 20 mile zone.

Aldridge was placed on probation Jan. 24. One of the terms of probation was that Aldridge was not to operate an automobile either on the campus or in the city of Canyon.

Aldridge was stopped for speeding on Highway 87 on Jan. 25.

On Jan. 31, Dr. T. Paige Carruth, WT dean of student life, notified Aldridge that he was being expelled.

West Texas State was represented at the appeal hearing by Senator Grady Hazlewood and Pat Bailey, from the attorney general's office.

"Disciplinary power is important to a college or university," Senator Hazlewood argued. "Every institution in Texas will be affected by this case."

He declared that Aldridge was guilty of six violations of university rules before the suspension.

"He was suspended for drinking and driving that car around on the campus and off the campus," the senator went on.

He said the student admitted twice to drinking while driving. Senator Hazlewood tore into Judge Jordan's assertion that certain West Texas State regulations are "unreasonable and capricious."

He contended that many university rules should not need to be spelled out. "Do we have to have rules against rape or murder?" he asked.

Bailey detailed for the court the escapades of which Aldridge was accused.

Jack Hazlewood noted that Aldridge has not been convicted of any crime. "He finished the last semester (last school term) satisfactorily," the attorney went on.

Jack Hazlewood argued that violation of campus regulations prior to Jan. 14 should not have been considered because he was not placed on probation for those violations and they should have had nothing to do with his expulsion.

The offense for which Aldridge was expelled took place between semesters. Hazlewood contended that Aldridge had not been made aware that he was not to drive his car off campus between semesters.

The appeals court probably will not render a decision for several days and possibly not for several weeks.

The 7th Court of Civil Appeals is made up of Justices James Denton, E.O. Northcutt and Alton B. Chapman.

Dean Carruth Wednesday said his decision on the Aldridge case was made "a long time ago." He said that if appeals court finds in favor of West Texas State, he is still of the opinion that Aldridge should be expelled.

Dr. James P. Cornette, president of WT, declined comment.

Aldridge is now in school as a senior. "He has been a very good citizen," Dean Carruth declared Wednesday.

Golf Team To Tournament

The West Texas State University Golf team will leave Monday for Albuquerque, N.M. where they will participate in the Tucker Invitational Tournament along with approximately 40 other college teams.

According to Coach Fred Bonds, this tournament is rated second only to the NCAA tournament.

Members of the team are Tommy Barrow of Andrews, Martin Barrow of Andrews, Bill Rice of Sweetwater, Ricky McLemer of Amarillo, Jimmy Brown of Spearman and Bill Hart of Muleshoe.

The team will return to Canyon on Saturday.

Mr. and Mrs. C.A. Castleman have returned from several weeks at Hot Springs, Ark.

\$70.75 with a \$27 installation fee.

Reason for the rate, said Vance Smith, local telephone manager, is that toll equipment must be used for the tie-in and rate is also calculated on an airline mileage basis.

City Commissioners agreed Monday they thought it advisable to talk with a telephone company representative as soon as possible concerning cost to Canyon residents for the service.

In other commission business, approval was given to the Canyon Pastor's Association to distribute optional religious information cards through the city's water department.

The cards will be given to new residents who request water tie-ons.

The Rev. Charles Meredith, president of the local organization, said the group had taken the earlier suggestion of the commission and had tried to use the services of the Welcome Wagon in the city but had found that not enough new residents had been contacted.

"We have no desire to irritate anyone," said the Rev. George Sallaway.

"If this is going to be on an optional basis," said Commissioner J. Manly Bryan, "I can see nothing wrong with it."

Rev. Meredith said he would send one of his secretaries to City Hall twice weekly to get the cards and the local ministers could get them from him.

"We want to stress," Rev. Meredith said, "that we will pay all costs and the cards will be optional."

He said they would ask for name, address, religious preference and possibly occupation and children's names.

Commissioners also authorized Gwyn to advertise for bids on a new check writer and protector for the city.

Gwyn said at the present time, each check issued must be signed by the Mayor, City Manager and City Clerk.

Cost of writing the 300-odd checks now issued each month, he said, would be about \$72 a year. He estimated time with a new device would be cut by some 60 per cent.

The operator key will be maintained by Gwyn or City Clerk Johnny W. Janak and Mayor Lindsey will keep the executive key.

Gwyn estimated the new machine would cost about \$500 with a trade-in allowance of \$150 for the present device.

Commissioners also approved partial payment on the new one-half million gallon water tower east of the city.

Cost of the structure was \$81,740 and engineering was \$5,721.80, for a total of \$87,461.80.

City dads voted to finance about one-half the cost for 120 days at two per cent. Gwyn said there was a balance in the water and sewer department fund of \$70,659. A total of \$45,000 would be taken from that fund.

The possibility of using the West Texas State University Computer Center for city tax rolls was also discussed.

The City Manager said WTSU leases the machines and could not legally charge for the services. They could, however, use the computers when they were not programmed by WTSU for a school project.

"If we took the water department statements down to be processed and had to wait for a University project to be completed, it would cause many problems," Gwyn concluded.

He said he would go to Perryton sometime next week and observe the system used by the city there.

Cost of a system similar to

Lewd Literature Hit By Committee

Canyon Citizens' Committee Sunday heard a report on efforts to clear city news stands of objectionable magazines and books.

Representatives of various groups met in First Baptist Church.

Giving the report was Mrs. Aubrey Crossland, representative of First Baptist Church.

Mrs. Crossland said news stand operators have been contacted. She said she hopes that the operators will go along voluntarily to clear the stands of at least five publications which she considers lewd. She did not name the publications at the meeting.

Election Results

Douglas Dowd of Midland, student at West Texas State University was elected graduate senator to the Student Senate at elections Tuesday. Some 70 names appeared on the ballot.

Freshman senators chosen include Terry Cornett, Diane Davis, David Harmon, Scotty Rundell and Dennis Scott.

Freshman class president elected is Danny Pounds. Dale Wells was named vice president and Rene Owen will be secretary.

Cheerleaders from the freshman class include Cindy Hubbard, Peggy Kirksey and Greg Robbins.

Robert Holston of Amarillo was named sophomore class president; Martha Woodward, vice president; and Barbara McGaugh, secretary.

President of the junior class will be Kenneth Brown, with Steve Oakley as vice president and Nancy Davis as secretary.

Jerry Webb was named president of the senior class; Ronald Pratt as vice president; and Sharla Taylor as secretary.

that at Perryton would cost about \$500 per month on a lease basis.

"We have no place in the city hall to put the machines, but I'm only looking into the distance now," he stated.

Commissioners agreed to permit the West Texas Ex-Students, Inc. to move a fire hydrant on the west side of the WTSU Student Union Building parking area.

The agreement will permit the organization to move the hydrant, at their expense, but no easement will be given until the State Legislature convenes Jan. 1.

Wayne Thomas, exes president, said the hydrant needed to be moved by WTSU Homecoming.

A request by Bill Money to pave 10th St. on 7th to 5th Ave. was partially granted by the Commission.

City Engineer Bill McMorries told Gwyn it would be acceptable to lay the curb and gutter but that he would recommend no paving be done until next spring.

Gwyn also told the Commissioners of the Regional Texas Municipal League meeting at 6:30 tonight in Amarillo and the Texas Research League meeting Monday at 10 a.m. Both will be in the Coronado Inn at Amarillo.

Mayor Lindsey also signed a proclamation designating Oct. 24 as United Nations Day in Canyon, and appointed Gwyn as chairman of the publicity phase of the day.

The Mayor and Gwyn also said they would prepare a letter to be given to new residents through the Welcome Wagon service.

"We have succeeded in getting some of the most objectionable magazines off Canyon news stands," Mrs. Crossland declared.

Louis Hinders, who is president of the group and representative of First Christian Church, discussed the position.

THC Approves Road Project

The Texas Highway Commission this week approved the spending of \$200,000 for highway safety and betterment in Randall and Potter Counties during 1967, District Engineer Charles W. Smith of Amarillo said.

He said a total of 13.5 highway miles in the counties will be involved. Work will be under the supervision of Mr. James N. Moss, Senior Traffic Engineer.

The work is part of the Highway Commission's combined 1967 Farm to Market Road Improvement and State Highway Safety and Betterment Program.

This safety and betterment project is on US 60 and 87, from 24th Avenue in Amarillo South to the junction of US 60 and 87 at Canyon, a distance of 13.5 miles - signing and delineation.

The group discussed a Billy Graham film entitled, "Restless Ones." It may be shown in Canyon at some future date.

The committee heard reports from Roger Gist and Bob Gruner on a Texas Youth Conference they attended in Austin in August.

Also making the Austin trip were Gene Bonds and Mickey Abbott. Crosby Hammons went along with the teenagers as a representative of Randall County Sheriff's Department.

Roger Gist and Bob Gruner suggested that the committee aid in establishing a teen center in Canyon for youngsters in the age group between 13 and high school seniors. No action was taken.

At Sunday's meeting Charles Brasher represented the Kiwanis Club and the Chamber of Commerce; Mrs. Treasure Brasher represented Canyon Study Club; Mrs. Crossland, First Baptist Church; Mrs. Dudley Moore, First Methodist Church; Mrs. Bill Cooper, Church of Christ; Louis Hinders, First Christian Church; and Mrs. R. Program for the evening was a display of paintings by Mrs. Gay Fellers who described the techniques in commercial painting.

Other guest for the meeting were Mrs. Patsy Webb and Mrs. Margaret Wingert, both of Pampa.

Cattle To Be Checked For Scabies Infection

Inspectors from state and federal agencies will inspect all cattle in Randall County for scabies sometime during the next six months, according to John Brazzil, Randall County Agent. An inspection was made in April of this year.

Randall County is one of the 38 counties in the Texas Panhandle to receive this inspection and is one of the 7 counties in this area to be under federal quarantine for this disease.

The inspectors will observe cattle for scabies, a mange condition caused by the parasitic mite of the psoroptes variety. Cattle infected with the scabies mite will show uneasiness, switching of the tail, loss of hair, and lesions. The mites spread rapidly through a herd. Loss of weight and thickening of the skin is a result.

The presence of scabies present serious economic losses to cattlemen in this area of Texas when other states impose rigid restrictions on cattle coming into their area. Texas ships more than two million head of cattle to other states each year.

The inspectors will try to observe all cattle. In some cases pen inspection might be required. Brazzil asks all livestock producers to cooperate with the inspectors.

The movement of cattle into and out of Randall County from other counties in Texas will not be restricted by the Federal quarantine unless a herd is placed under quarantine because it is infected. An inspection certificate from a federal inspector is required if cattle move from Randall County into other states and not to a stockyard or slaughter house where federal inspection is maintained.

If scabies are discovered the herd must be dipped two times in a dip solution composed of Lindane or Toxophene. The dipping procedure will be specified by the control officials.

Brazzil reports that details of the inspection were released on Monday in Plainview when officials of the State and Federal agencies met in Plainview, Tex. for a briefing.

Zip Code Lists To Be Available

Residents in Canyon will be offered an opportunity to ZIP Code their mailing lists during October, Postmaster Marion Higdon announced today. Letter carriers will deliver "no postage needed" cards to each of the city's residential delivery stops beginning Oct. 10, the postmaster said. The cards will have blanks for addresses used most often, but for which individuals do not know the proper ZIP Codes.

In rural areas and cities with one ZIP Code assigned, only an out-of-town card will be delivered since all local addresses will have the same ZIP Code. "This is a good time to get the ZIP Codes missing from your lists", Postmaster Higdon noted. "This Christmas, ZIP Code will be as important as shopping and mailing early for the efficient and on-time delivery of the record-breaking avalanche of mail expected in the pre-holiday weeks."

After filling in the street number, city and state, the cards are to be mailed back to the postmaster. Post Office personnel will add the proper ZIP Codes and return the cards to the sender.

President Johnson has proclaimed Oct. 10-15 as "ZIP Code Week" to promote greater usage of ZIP Code.

Postmaster General O'Brien announced May 19 that steps were being taken to make ZIP Codes more accessible to the mailing public. The present program resulted from a search for the most effective method to get the codes in the hands of private mailers.

A poll conducted by Elmo Roper and Associates earlier this year found that about half of the population is using ZIP Code. Of the remaining half who are not, 80 per cent said the reason was that they did not know the ZIP Codes for the people to whom they write. Previously, the Post Office Department has embarked upon an extensive effort to help volume mailers convert their lists to ZIP Code.

"The Roper poll strengthened our conviction that the public generally is ready and willing to cooperate with business mailers who will be presorting their second and third-class mail after Jan. 1, 1967," Mr. O'Brien said. "I am convinced that the 'ZIP-A-LIST' project will go a long way toward accomplishing our goal of ready availability of the proper ZIP Codes in the home."

Addresses which cannot be ZIP Code because of insufficient or improper addresses will be forwarded to the city indicated on the card, if legible, and the codes will be added there.

Only addresses, not names of correspondents, should be listed on the cards, the postmaster said. ZIP Codes represent delivery areas for the postal service, not individuals. During the summer, a "dry-run" of the ZIP-A-LIST project was conducted in Columbus, Ohio and Richmond, VA. Information gained from these tests is being incorporated in the national program.

Lions Take Eagles Out Of Win Column

The Canyon Eagles hit the field against Vernon with fire in their eyes and bolted to an early lead against the unbeaten Lions, but a superb quarterback named Ed Marsh took control and led Vernon to a 28-9 win.

On the game's third play, Dwayne Gerber scooped in a fumble from Vernon's hard-running Walter Odom at the Canyon 49 yard line, and nine plays later Charles Bussey danced two yards into the end zone. Joe Moore's kick gave the Eagles a 7-0 lead.

Canyon had another scoring opportunity on the following kickoff when the Eagles rattled Joe Eggin's loose from the ball and Ronny Russell recovered at the Lions' 34 yard line. Vernon's Dan Bond turned the tables, however, by intercepting a pass on his own 20.

The Eagles forced a punt four plays later, and drove to the Vernon 22 where they lost the ball on downs.

Then Marsh went to work. He hit Mike McCauley on a 25 yard pass, Ed Spradlin rambled 28 yards, and then a pass from Marsh found Spradlin in the corner of the end zone. Tommy Wilson began a perfect four-for-four night by kicking the Lions into a 7-7 tie.

Four plays later Vernon had the ball again when Canyon lost a fumble at the Eagle 48.

This time Marsh used four plays to score, the climax being a 31 yard rollout after an excellent fake. As a result the Eagles faced a 14-7 halftime deficit.

In the third quarter the Lions returned to the scoreboard when Marsh bootlegged around right end from five yards out. The play was set up by a 15 yard gain by Marsh which saw half the Canyon team get hold of him at one time or another, and a 19 yard pickup by Spradlin which Stan James ended eight yards short of the goal line.

In the fourth quarter speedy Joe Eggin found the end zone on a three yard scamper to end Vernon's scoring and give them a 28-9 lead.

Sherman Smith then mounted a furious passing spree, connecting on six of nine throws, to carry the Eagles to the Vernon seven. Smith put a pass into Bussey's hands in the corner of the end zone, but Bussey was hit savagely from behind at the same time and could not hold the ball.

This did put the Eagles in good enough field position for

BS District Committee Has Meeting

Regular monthly luncheon meeting of the district Boy Scouts of America committee was held recently with district chairman, O.W. "Bud" Parker, presiding.

Nominating and annual banquet committees were appointed and reports were given by institutional representatives of the various troops, packs and posts.

Work plans for the ensuing month were also reviewed.

Kangaroos Jump Over Cowboys

The Kress Kangaroos jumped over the Happy Cowboys 28-0 Friday night in the Happy Corral.

Kress dominated play as they played possession ball in rushing for 296 yards.

Richard Todd was a bright spot for Happy with his tremendous punting. Todd almost booted the ball into orbit as he averaged 48 yards on his five punts. He now has punted 19 times this season for an average of 44 yards.

Todd also led the Cowboys on defense with 18 tackles. Dean Bryan was next with 14 stops.

Kress scored first when a 35 yard pass put them in business at the Happy one yard line in the second quarter.

Early in the third quarter Kress scored twice. The first score was set up by a pass interception at the Cowboy 20 and the second by two successive 15 yard penalties against Happy which advanced Kress to the Happy 15.

The Cowboys had their opportunities but let them pass by, as Randy Johnson had a TD in mind when he stepped in front of a Kress pass at the Kangaroo 45 with a clear shot at the goal, but he dropped the ball. On a kickoff return Johnson was roaring downfield when one of his own men ran into him and derailed him long enough for the Kangaroos to haul him down.

Ed Baker to crash in on Dan Bond and tackle him in the Vernon end zone for a two-point safety.

Smith had a good night in the air, hitting eight of 18 passes for 71 yards, most of it in the fourth period. He was often under great pressure from the Lions' pass rushing Jay Lawson, and he was further plagued by his own receivers. Instead of cutting away from their defenders, the Canyon receivers usually neglected to make any cuts into the open, and forced Smith to throw into a crowd on many occasions.

Smith is this week's most valuable player.

Eagle Coach Jim Greenwood was fairly pleased with his players' effort on the whole, but said, "We simply ran out of gas."

"They substituted eleven men whereas we could only sub in three or four and still maintain any depth," Greenwood explained.

Joe Moore was the game's leading rusher as he picked up 67 of his team's 141 yards.

SHERMAN SMITH on the ground. Bussey had 60 yards, 57 of them coming in the first half.

Canyon led in passing yardage 71-49, but Vernon led in rushing 192-141, total offense 241-212, and first downs 17-15.

This week the Eagles seek to get back in the win column when they go to Tucuman, N.M., to meet the Rattlers at 7:30 p.m. Friday.

Prep Scoreboard

Canyon Junior High's ninth graders were overwhelmed 34-0 by Borger last week.

Coach Wayne Phemister attributed the loss to too many mistakes, which in turn caused a loss of spirit in the game.

Phemister singled out Lonnie Moore for playing aggressively at defensive tackle, and Andy Henson for making the most tackles for Canyon.

The freshmen meet the Plainview Blue Pups at 6 p.m. Thursday at CHS Field.

8th Grade

CJHS's eighth grade failed to take advantage of its opportunities and lost to Plainview Estacado, 6-0.

Canyon drove to the one foot line and nine yard line, but could not get the ball across, although Frank Belcher "did a pretty good job running," according to Coach Dean Andrews.

It was the defense that concerned Andrews more, how-

ever, and he indicated that some changes would be made in that department.

The loss was the group's first in their junior high careers, as they were undefeated in the seventh grade last year.

The team has an open date this week, which should give them time to help perfect the defense, and then plays Hereford next week.

7th grade

Canyon has not had a seventh grade team to lose a football game since 1964.

Coach Swayne McCauley's boys rolled up another impressive win in running away from Plainview Estacado 30-6 last week.

On the second play of the game, Canyon left Plainview wondering what happened when halfback Ricky Edmondson streaked 40 yards on a reverse. Larry Prichard's blast in the line gave Canyon two points and an 8-0 lead.

Mike Shadix ran quarterback sneaks often and well, going five yards for the second TD on one of these plays. A mix-up in the backfield ruined the extra point attempt.

John Upshaw swiveled 40 yards on a sweep for the third score, and Shadix added a conversion run.

Another sweep saw Donnie Minier score from 35 yards out. Cliff Prichard's run for two made the final 30-6 outcome.

McCauley commended Van James and Frank Garrett for their blocking.

The seventh grade plays their final intramural games today at 4 and 5 p.m. at CHS Field.

Church centers and dormitories must also submit decoration themes by Oct. 7 according to Schnell.

The best decorated church center and dorm will receive a trophy. The dorm that wins the best decorated title for three consecutive years will receive a permanent trophy. Stafford Hall won the competition in 1965.

Bufs Close Series With 21-20 Thriller

Alfred Hitchcock could not have created more suspense than the West Texas State Buffaloes did Saturday night in Tempe, Ariz., as they outshot the Arizona State Sun Devils in a 21-20 football riot.

The Buff heroes in the game would fill a long list, as WT got in the last word of the 20 game series by winning their seventh game against 13 losses.

According to Head Coach Joe Kerbel, the Sun Devils are in the top ten schools in the nation in number of games won in the last five years, and his Buffaloes are the only team in America to win three games from ASU in that time. Arizona State is dropping WT from its schedule after this year.

Buff safety Don Tardy could walk through a six foot door without bumping his head, but Saturday night he stood ten feet tall as he intercepted two passes, knocked down five others and recovered a fumble to wreck the Sun Devil offense.

"Tardy saved four touchdowns for us," declared Kerbel.

Tardy and Burl Wood were named the Most Valuable Players on defense, while Hank Washington, the missileman with intercontinental range, and his target, flanker Charles Henderson, received the corresponding awards on offense.

Tommy (Never Miss) Fam-

brough scored the winning point as he once again had a perfect night from the kicking tee. Henderson will long be remembered by ASU Coach Frank Kush. Freshman Charley scored two touchdowns on catches that had to be seen to be believed.

Washington accounted for all WT touchdowns as he threw both passes to Henderson and scored another himself.

The Sun Devils drew first blood when Ken Dyer accepted a pass from quarterback John Goodman and blazed 66 yards for a TD. Bob Rokita added a point with his conversion kick.

Dyer's touchdown was the only legitimate one for ASU as the others were scored while

ALL AMERICANS

The All-Americans remained with the WTSU Buffaloes as the only unbeaten, untied teams in town as they knocked off Amarillo Air Force Base 20-0.

Nifty quarterback Ed Lair did all the scoring on runs of 30, one, and 50 yards and added an extra point run.

Kevin Robins made some outstanding tackles throughout the game as did Lair, and the entire team gave great support in turning inside and stopping the many Air Force sweeps.

The All-Americans' next game is Saturday at 2 p.m. at CJHS Field against South Lawn.

ALL-STARs

The All-Stars lost to Western Plateau 22-0 last Saturday.

Their next chance to win comes this Saturday at 2 p.m. at the Maverick Club against Amarillo Landergin.

LONGHORNS

The Longhorns came out on the short end of a 6-0 score against Amarillo Robert E. Lee last Thursday night at the Amarillo Maverick Club.

Lee scored on a 20 yard run in the second quarter and almost did it again in the final period on a long run, but Dennis Col-

lier and Don Bettencourt caught the runner from behind on the two yard line.

From that point, Sammy Kerbel personally put a stop to the threat, as he slammed into the Lee backfield and nailed their runners for big losses on successive plays.

Safety Bobby Boyett spoiled the Amarillo team's extra point attempt by batting down a pass in the end zone.

The Longhorns got to the opponents' 10 yard line but a penalty killed the drive. Canyon's offense was hampered all night because of injuries to three backs by the hard-hitting Amarillo players.

The loss was the 'Horns first in their last six games. The contest was a non-conference affair.

Don Bettencourt was voted the best sportsman by the Lee players. The Guts Award was split between Bettencourt and Mike Cox.

Whittier is the next opponent for the Longhorns. The teams play at 3 p.m. at CJHS Field in a conference game.

Until the Lee game, Whittier was the last team to defeat the Longhorns when they took a 20-6 decision last year.

the Buff defensive unit was on the sidelines.

Henderson pulled WT even with a sensational catch. Washington aimed a pass at Dave Szymakowski which was deflected into the air. Henderson had fallen but kept his eye on the ball and grabbed it while lying flat on his back. Fambrough, as usual, made his extra point kick a good one.

Jim Williams put the Arizona team back in front on a 39 yard punt return and Rokita, who was to be the key man in the final outcome, once again converted.

WT came right back on another dazzling catch by Henderson. Henderson jumped high in the air, wrestled Washington's pass away from two defenders and hit the ground running in the direction of Ted Wheeler. Wheeler wiped out Henderson's pursuit and Charley made tracks for the end zone to complete a 79 yard touchdown play, WT's longest of the year. Fambrough's toe sent the Buffs to the dressing room all even at 14-14.

A tough pass rush threatened Washington all night and caused a bad throw which came down in the hands of ASU's Wes Plummer, who streaked 85 yards for a touchdown.

This time Rokita missed his kick, and it cost Arizona State the ball game.

Washington barged across the goal line on a keeper to tie the score at 20-all and Fambrough's boot put the West Texans ahead for the first time. From that point the Buffs hung on for dear life.

Tardy stopped an Arizona threat only six yards short of a score with a key interception. The Buffs could not move, however, and had to punt from their own end zone.

As Fambrough tried to get the kick away, he was showered with paper cups and litter from the Sun Devil supporters.

The Sun Devils could not come up with another touchdown, so with less than a minute left, Rokita tried a field goal—but Tom Krempasky blocked it.

Krempasky was declared off-sides, however, so Rokita tried it again five yards closer. The kick was true to the phenomenal trend of the game as it struck the right upright and thudded back into the playing field.

Burl Wood earned his MVP award for being in on 11 tackles, intercepting a pass deep in WT territory and knocking down another, and causing a fumble with a jolting tackle.

Washington completed 17 of 36 passes for 213 yards and the two TD strikes to Henderson.

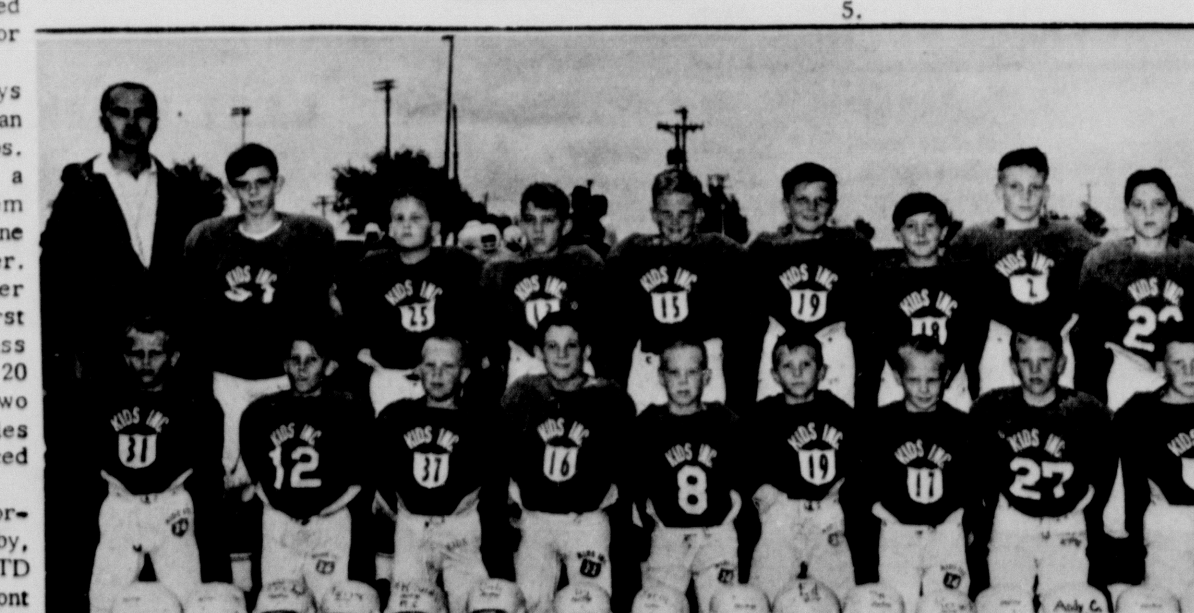

Bufs-Miners Meet Saturday

A capacity crowd--the largest since 1962--is expected in the Buffalo Bowl for the West Texas-Texas Western football clash Saturday night.

WT's Hank Washington leads a deadly passing threat against another remarkable passer, Texas Western's Billy Stevens.

The Washington-Stevens duel will be a match between two of the most brilliant aerial artists in the game. Last year as a sophomore, Stevens was the second-ranked passer in America. Now Washington owns the top spot with 824 passing yards in only three games.

Texas Western won last year's game 38-21 in El Paso's Sun Bowl.

MRS. RICHARD MASON HARREN

Nuptial Exchange Unites Velda Oberst-R. M. Harren

Nuptial vows for Miss Velda Jean Oberst and Richard Mason Harren were solemnized Friday, Sept. 30, at the First Methodist Church of Canyon.

Rev. Newton Starnes, pastor, officiated at the exchange of double ring vows.

The bride is the daughter of Mr. and Mrs. E.A. Oberst, Jr. of Canyon and parents of the bridegroom are Mr. and Mrs. George V. Harren of Weslaco.

Traditional wedding music included Loehring's processional and Mendelssohn's "Wedding March" with Mrs. Glenn Dowlen at the organ. Miss Nancy Davis sang "Whither Thou Goest" and "The Wedding Prayer".

White satin drapes covered the choir and communion rails and baskets of white gladioli were featured as floral arrangements. An archway candelabra was behind the altar and two seven-bract candelabra flanked the altar area. The kneeling bench and traditional aisle cloth were used.

Given in marriage by her father, the bride wore a formal wedding gown of ivory satin with sleeves terminating in bridal points. A chapel length train extended from the waistline and her only jewelry was a pearl necklace held by diamond leaves, a gift from the bride-

groom.

Her veil of fingertip illusion was secured by a circle of white roses entwined with English ivy. The bridal bouquet crested a Bible and was a cascade arrangement of white roses and stephanotis accented with English ivy foliage.

Maid of honor was Miss Lorraine McMahon of Austin. Other bridal attendants were Miss Virginia Lee Crouse of Lubbock and Mrs. Joe Harren of Weslaco. They wore identical floor length dresses of garnet red satin with long white gloves and small pearl drops. Their headpieces were circlets of red garnet roses and their bouquets were cascades of white carnations centered with red garnet roses.

Best man was George Harren, Jr. of Houston, a brother of the bridegroom. Groomsmen were Elmer A. Oberst, III, of Canyon, a brother of the bride, and Joe Harren of Weslaco, a brother of the bridegroom. The groomsmen assumed the duties as ushers at the event.

Fellowship Hall of the church was the scene for the reception honoring the couple. Guests were registered at a small round table covered with a lace tablecloth which held the bride's book and a bridal candle.

The receiving line was formed to the bride's table which was covered with a white lace tablecloth handmade and imported from Panama. A large white cake, centered with a bridal pair, was served to guests along with nuts and red punch. The table was decorated with a bouquet of red and white flowers.

For travel to points of interest in Texas, the bride wore a brown, black and white checked suit with beige lizard

bag and accessories. A corsage of white roses adorned her suit.

The couple will make their home in Hereford where the bridegroom is an accountant for the Great Atlantic and Pacific Tea Company.

A graduate of Canyon High School, the bride received her degree from the University of Texas and has taught in the Hereford and Lubbock public schools.

The bridegroom graduated from Weslaco High School and the University of Texas. He has also served two years with the armed forces.

A rehearsal dinner honoring the couple was held at the dining room of the Trail with the bridegroom's parents as hosts for the occasion.

The engagement and approaching marriage of Miss Rita Pearl Trimble to Raymond D. Whitten is announced by her parents, Mr. and Mrs. Leroy Lamb, of Route One Canyon.

Floral Arranging For Jaycee-Ettes

A program on "floral arrangements" was presented by H.R. Fulton at Monday's meeting of the Canyon Jaycee-Ettes.

Fulton displayed the art of arranging flowers at his new building in Canyon and made numerous arrangements including a corsage which was presented to the Jaycee-Ette president, Mrs. Guy Hamblen.

Fulton urged that a bouquet "should have depth and be rounded with the harmonic movement toward the central point." He said that the "basic principles are to use small flowers toward the extreme edges of a bouquet and the darker flowers at the center, with exceptions."

"Scissors are very bad to cut flowers with," stated Fulton commenting that drafts and heat are the hardest on cut flowers.

At the conclusion of the program, the Jaycee-Ettes adjourned to the home of Mrs. Robert West for a brief business meeting with Mrs. Hamblen in charge.

During the business session, a committee consisting of Mrs. Wayne Edmondson, Mrs. Jackie Whitley and Mrs. J.W. Sims was appointed to make refreshments and nametags for the upcoming Jaycee Work Forum to be held in Canyon.

A report was given by Mrs. Weyman Brown concerning several civic project possibilities for the club. A bake sale was planned with all proceeds going toward the exchange student fund and plans were outlined for making bibs for LaCasa Canyon Convalescent Home in the near future. Action was set aside on proposals of baskets for needy families of the area and plans were made to contact the Jaycees

on additional aid to the Retarded Children's Center in Amarillo. Mrs. Weyman Brown and Mrs. Guy Hamblen reported on activities at a recent workshop in Amarillo for presidents and state directors.

Plans were outlined for a membership clothes drive to aid the Abilene State School with Mrs. Charles Marshall in charge of the project.

The birthday gift was won by Mrs. Jim Scott.

Refreshments were served to Mesdames J. W. Sims, Weyman Brown, Jim Scott, Wayne Edmondson, Allen Parson, Jackie Whitley, Charles Marshall, Meade Michael, Guy Hamblen, Carl Miller, and Robert West.

Club guests for the occasion were Mrs. Milo Siewert and Mrs. George Ratliff, both of Amarillo.

FEDERATED presidents include, left to right, Mrs. Charles Brasher, Canyon Study Club, Mrs. T.G. Hull, Jr., University Study Club, Mrs. E.J. Larson, Woman's Book Club, and Mrs. E.E. Perkins, Sue Hite Club.

Federated Dinner Topic Is Youth And Education

"Build With Youth For A Better World" was the subject of a speech by Mrs. Bob Lindsey at Monday's Federated Dinner combining efforts of all four federated clubs in Canyon.

Mrs. Lindsey, a past president of the Top of Texas District, used the theme of the General Federation of Women's Clubs as the subject of her talk as she stressed the need for continuous education in the complex world of today. She noted that GFWC has been active in education problems for more than 70 years and in 1964 more resolutions concerning education were passed by the GFWC than all others combined.

"We need to use youth in community plans," said Mrs. Lindsey urging that leadership and organization of youth groups is imperative. A second point made by Mrs. Lindsey was the need for continuous parent education through club sponsored tests, and panels.

"Education of children and

youth is a community responsibility," stated Mrs. Lindsey. Clubs were urged to incorporate projects to recognize outstanding youth in connection with the school programs and Mrs. Lindsey concluded her program with the thought that spiritual education is the basis for citizenship.

Also addressing the large group of federated clubwomen was Eugene "Sug" Bonds, who reported on his second summer at the Governor's Youth Conference in Austin. Bonds stated that "school drop-outs are not necessarily delinquents" and commented that a youth council could solve the problems in many cities of our nation.

Bonds' speech was concluded with a question-answer session as his mother, Mrs. Eugene S. Bonds, and grandmother, Mrs. H.E. Campfield, were among those in attendance.

Musical entertainment during the evening was presented at the piano by Mrs. Jerry Vance as she played "Drei Phantasiesstücke", "Opus 1

Eleven No. 2" by Robert Schumann, "Prelude No. 6, Opus 38" by Dmitri and "Kabelevsky".

Mistress of ceremonies for the program was Mrs. Charles Brasher, president of the Canyon Study Club. The dinner and program were held at Rex Reeves Elementary School cafeteria and was planned this year by the Canyon Federation Council, in its first full year of existence.

Aside from Mrs. Brasher, other presidents of the various federated clubs include Mrs. E.J. Larson, Women's Book Club; Mrs. E.E. Perkins, Sue Hite Club; and Mrs. T.G. Hull, Jr., University Study Club.

Another joint venture planned by the Canyon Federation Council and its four member clubs for next spring will be the second annual Spring Federation Tea to be held March 19, 1967 from 3-5 p.m. in the formal lounge of the Fine Arts Building at West Texas State University.

H.R. FULTON presents a shoulder corsage to Mrs. Guy Hamblen, president of the Canyon Jaycee-Ettes, in a special program on floral arrangements Monday evening at HR's Flowers.

Perhaps you know that sleeping capsules leave a drowsy effect that lasts from 15 to 14 hours. If you must drive, take extra care. Tranquillizers expose you to the same danger.

Some cold or allergy remedies contain antihistamines, which while good for their intended purpose, also have the effect of impairing driving judgment. If you are taking any medicine and are not certain of such side effects, please ask us. Pharmacists are taught this knowledge at college.
